

apple Gift Catalog

There's something magic about the Apple logo. It turns up everywhere: on the window of the car ahead of you, on a friend's T-shirt, and on the more than 500,000 Apple computers we've sold since 1976.

We know many of Apple's friends and customers admire our trademark as much as we do—partly because it's colorful and distinctive, but also because people are proud to be Apple owners. Last year, in response to your interest in items displaying our logo, we developed the Apple Gift Catalog.

If you're a new customer, we think you'll find the personal articles in this catalog attractive and worth owning. If you've ordered from us before, you know that each item has been specially selected to the same high quality standards you've grown to expect from Apple, and each is guaranteed. This issue offers a few additions to our popular collection.

Whether you're a new Apple fan or an old friend, we appreciate your spirit and hope you'll enjoy these fine items.
